

Earthquake Relief Efforts

Collective Strength for Hearts in Grief

On March 28, 2025, a devastating 7.7-magnitude earthquake struck near the border of Sagaing and Mandalay Regions in Myanmar. The disaster claimed lives, destroyed homes, and uprooted countless families and livelihoods across the affected communities.

In the face of this national tragedy, Myanmar Thilawa SEZ Holdings Public Co., Ltd. (MTSH), along with founding companies of the Thilawa Special Economic Zone and its investor network, expresses deep sorrow and solidarity with all who have suffered. From the very beginning, our group of companies has stood with the people, not only in word, but through meaningful, timely action.

Timely Support, Genuine Intent

MTSH promptly committed MMK 1 billion in relief aid, notifying our shareholders of this immediate initiative to support impacted areas. In addition, our affiliated companies collectively donated another MMK 1.5 billion, strengthening the overall response.

Together, our efforts contributed to delivering the following essential support:

- Donations to the Natural Disaster Management Committee
- Emergency temporary shelters
- Modular shelter homes for displaced families
- Direct financial assistance
- Comprehensive Home Starter Kits
- Food and household supplies

To ensure these forms of aid were delivered responsibly and compassionately, representatives and staff from MTSH and our affiliated companies personally traveled to the affected areas — including Mandalay, Amarapura, Tada-U, Naypyitaw, Sagaing, Pyinmana, and the Inlay region of Shan State — to collaborate with local authorities and volunteer groups, and to engage directly with the communities in need.

Commitment Rooted in Responsibility

MTSH and its group of companies are more than just business entities, we are a part of the society we operate in. We embed ESG (Environmental, Social, and Governance) principles into our everyday operations and decision-making processes.

Our CSR (Corporate Social Responsibility) efforts are not stand-alone acts of charity. They are reflections of our core values, convictions, and sense of accountability. In times of crisis, we are guided by these principles to act without hesitation, and with purpose.

We remain steadfast in our commitment to helping Myanmar move toward a future where quality of life is elevated through compassion, solidarity, and sustainable progress.

Moving Forward, Together

To those who have lost loved ones, homes, and dreams, we share in your grief. And as the long road to recovery begins, MTSH and its group of companies will continue to stand beside you.

We also extend our heartfelt appreciation to the selfless volunteers, healthcare professionals, firefighters, and emergency responders who acted courageously to save lives during such a critical time.

While the journey ahead may be long, we are confident that the resilience, kindness, and hope of the Myanmar people will guide the way forward. MTSH and its partners will remain by your side, not only in recovery, but in rebuilding a stronger tomorrow.
